## A vision that sets higher benchmarks in education

Education for Life, Education for Living—Sri Mata Amritadevi (Amma) redefining education has successfully carved for Amrita University a niche in higher education. Her commitment to harnessing academic research to a larger humanitarian cause has earned Amrita a sterling reputation both in India and abroad. As Chancellor, Amma continues to inspire the university to harmonize ancient wisdom and modern science to empower everyone.

*"I often reflect deeply on the future of the Earth, the preservation of nature, and the deepening harmony between humanity and nature. This contemplation has led me to the conviction that science, technology and spirituality must unite in order to ensure a sustainable and balanced existence of our world. The present age and the world around us demand this transformation."*  
—Amma

## International Outlook

Amrita University attracts exceptional faculty from the realms of science, technology, medicine, management and humanities from all over the world. This has instilled a reversal in India's brain drain and helped to make Amrita one of India's most reputed and sought-after centres of knowledge.

## Research & Innovations

Amrita University engages in continuous research initiatives in the areas of Nanotechnology, Biotechnology, Biotechnology, Computing and Robotics, to name a few, with a view to enhancing the quality of life, especially of those belonging to the lower strata of society. Amrita's research initiatives have won global accolades.

Amrita Centre for Nanosciences (ACN) develops **World's First Nanocomposites for Drug resistant Leukemia and Solid-state Process for Nanocatalysis for Water and Filtration Devices**

Amrita WMA develops **India's First Wireless Landline Definition System, deployed in the Western Ghats**

Amrita School of Biotechnology awarded the **Bill and Melinda Gates Foundation** grant for sanitation solutions

The Amrita Institute of Medical Sciences (AIMS), a 1,450-bed non-for-profit super-specialty hospital located in Kochi, Kerala, was the first Emergency Teaching Hospital to get the NABL, NABH, Global, NABSI (Singapore), ISO 18001, COCERAC (India) and NAAC (Education) accreditation certifications. Since its inception in 1999, AIMS has provided free medical care worth Rs. 536.33 crores to more than 40 lakh patients (as of March 2015).

Amrita performs India's first successful double hand transplantation

Amrita receives the National Healthcare Excellence Award for Best Hospital in India by FICCI, 2013

Amrita Surgical Team wins British Medical Journal Award, 2015 as Best Surgical Team of South Asia

**World's Best 400 QS Graduate Research Chapter 2015** awarded to Amrita Research Campus

Amrita School of Engineering Robotics team among **TOP 30** in the **Mass University Rover Challenge 2015**, Mass Desert Research Station, Utah, USA

Amrita's 50th Anniversary Celebrations (2015) - Best Health Care in India by The Economic Times

Amrita University students in top 2% of World's Regional Internationally Ranked 2,000+ schools, QSAR 2015, New York

## Live-in-Labs

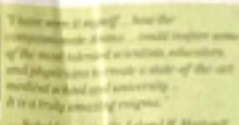

## Reaching out, to Empower

Amrita pioneered the experiential learning program — **Amrita Live-in-Labs** — that encourages youth to be in and experience, first-hand, the challenges faced by Indian villages, and to explore innovative solutions in order to improve life in the areas of education, health, energy, agriculture, water and sanitation. Teachers from Amrita and international students do work together in this participating initiative.

## Industry Tie-ups and Placements

Owing to their talent, integrity and commitment, Amrita graduates have enjoyed increasing acceptance in industry, knowledge and placements over the years. The bold initiatives of Corporate and Industry Relations (CIR) in partnering industries, ensuring industry-academia interaction, and making a comprehensive credit based leading school program have been recognized by NISAC, as among the best.

270+ Top-notch Recruiters | Multiple, Core & Dream Job Offers | Credit-based Finishing School Program | 80+ Industry Collaborations

Amrita University has a major role to play in transforming our society into a knowledge society through disruptive value-added education systems.

— **Lord Dr. J.P.S. Jindal**, Former President of India

"I have seen it myself" — how the comprehensive approach of the most advanced academic institutions and disciplines to create a state-of-the-art medical school and university. It is a truly exciting progress.

— **Nobel Laureate, Dr. Evelyn R. Whitehead**

"This is not just another university. It is a very high quality, world class university, focusing on academics and research that directly will help you to better serve with innovative applications."

— **Nobel Laureate, Prof. Mohammed Yunus**
