[milligazette.com/news/9-education-and-careers/33628-more-5-lac-doctors-needed-india-start-planning-medical-studies-top-mbbs-colleges-india](https://www.milligazette.com/news/9-education-and-careers/33628-more-5-lac-doctors-needed-india-start-planning-medical-studies-top-mbbs-colleges-india)

The medical profession is a noble profession where one gets an opportunity to serve mankind in their distress through a variety of ways. You can be a nurse and attend the sick and like the Florence Nightingale or can initiate surgery like the great John Hunter (The Father of Modern Surgery).

Though there is a lot of interest in this profession in India, last year approximately 15 lakh students applied for NEET. Still, India is struggling to maintain an appropriate number of doctors. As per official reports, India still lacks around 6 lakh more doctors to maintain the WHO standards. While fighting the COVID-19 pandemic, India needs around 10 lakh more doctors for the health care force.

- 5 Medical Colleges in India ranks among top 400 colleges in the world as per QS Rankings.
- The average annual salary of Doctors & Physicians ranges between 1,19,000 - 6,51,294 INR plus Bonus, Commission & Profit Sharing.
- Apart from that, as compared to the world average of 150 doctors per 100,000 people, India has only 86 doctors registered for practice.

So, if you are an MBBS aspirant check out the top MBBS colleges in India and render your service to the country.
