

Vidyut to End Today

Express News Service

Kollam: The national level multi-fest Vidyut 2013 organised by Amrita University on Amritapuri Campus near here will conclude on Sunday. On Saturday, events including E-harvester, Aqua Missile, Sterling Engine, Aerogen, Robo Olympics, Dragster, Code Green, Machinist and Counter Strike were held.

In the results announced on the day, Raj Kumar S N and M Prabhakar (Magma, Chennai) won the first prize in Aqua Missiles and K S Spoorthy S and Meenakshi D (Amrita, Coimbatore) won

the first prize in Computer Science paper presentation.

Workshops on Ethical Hacking and Mozilla Firefox and events including Robo Wars and Blade Runner will be the major attractions on the final day of the event.

A statement from the University said that this year's Vidyut 2013 fest, which had the theme of 'Alternative Energy', is expected to give students a deeper insight into the energy crisis facing the world. It will help them gain the confidence to develop technology solutions to deal with various challenges in this field, the statement said.
